Performance Evaluation Form 8 Hour OSHA Hazwoper - First Responder Operations Level 29 CFR 1910.120(q)(6)(ii)				
Effective Date	17-Jan-21		Course Code	HWFROL
Perform	, Explain, Simulate,	Demonstrate, or Obser	rve the following:	
Overview:				
The Performance Evaluation is designed as one method to evaluate job skills and safe work habits of the course participant. This helps foster the participants psychomotor skills, as well as their cognitive knowledge levels, thus providing for a more thorough learning experience. The Evaluator must meet certain qualifications such as possessing technical knowledge/skills related to evaluation, have equivalent certifications, related experiences, performed self study, or have applicable academic credentials. The evaluation CAN BE self certified if student possesses any of the evaluator qualifications for the topic matter. If the course or exam is proctored or supervised, please sign as a course Moderator .				
Instructions:				
1. Student should complete name and Student ID # identifying him or herself on the Performance Evaluation.				
2. Student shall perform, explain, simula	te, demonstrate, or	observe the following	presented skills.	
3. Evaluator should observe/evaluate completion of skills as part of an assessment. (see evaluator credentials)				
 Evaluator should possess technical knowledge/skills related to evaluation, have equivalent certifications/experiences, completed self study, or have applicable academic credentials. 				
completed self study, or have applicable			e equivalent certificat	ions/experiences,
completed self study, or have applicable 5. Upon completion of each activity the e	e academic credenti	als.		
	e academic credenti evaluator should sig	als. gn and date in the box	next to the skill asse	

Perform, Explain, Simulato, Domonstrate, or Observe the following: Student Name (Print) Student ID # (DL# or last 4 of SSN) Criteria Evaluator Signature/Date Explain scope and application of Hazwoper Standard Image: Signature/Date Discuss and review the RCRA regulations Image: Signature/Date Review facility safety and health program Image: Signature/Date Describe training requirements under the hazwoper standard Image: Signature/Date Describe training requirements under the hazwoper standard Image: Signature/Date Locate the Hazwoper Standard in the OSHA regulations Evaluator Signature/Date Review Energency Response Plan, escape routes, and assembly points Image: Signature/Date Locate Fire satingusters, identity type, and check Image: ton date Image: Signature/Date Demonstrate knowledge of "PASS" technique for extinguencies Image: Signature/Date Locate the SDS's, "Safety Data Sheet' for facility Chemicals Image: Signature/Date Identify locate: Safety Data Sheet' for a chemical on hand Evaluator Signature/Date Identify locate: Safety Data Sheet' for a schemical on hand Evaluator Signature/Date Identify locate: Safety Data Sheet' for a chemical on hand Evaluator Signature/Date Identify locate: Safety Data Sheet' for a chemical on	Experidoc Performance Evaluation		
Criteria Evaluator Signature/Date Explain scope and application of Hazwoper Standard Discuss and review the RCRA regulations Review facility safety and health program Explain the five levels of emergency response Describe training requirements under the hazwoper standard Locate the Hazwoper Standard in the OSHA regulations EMERGENCY PLANNING & FIRE SAFETY Evaluator Signature/Date Review Emergency Response Plan. escape routes, and assembly points Locate Fire extinguishers, identify type, and check inspection date Demonstrate knowledge of "PASS" technique for extinguishing fires CHEMICAL SAFETY Evaluator Signature/Date Locate fire extinguishers, identify type, and check inspection date Users to sDS's, "Safety Data Sheet" for a chemicals Identify locations of eyewath stations and/or emergency showers Demonstrate ability to locate "safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of wastle containers or tanks on site	Perform, Explain, Simulate, Demonstrate, or Observe the following:		
Explain scope and application of Hazwoper Standard Explain scope and application of Hazwoper Standard Discuss and review the RCRA regulations Review facility safety and health program Explain the five levels of emergency response Describe training requirements under the hazwoper standard Locate the Hazwoper Standard in the OSHA regulations EMERGENCY PLANNING & FIRE SAFETY Evaluator Signature/Date Review Emergency Response Plan, escape routes, and assembly points Locate Fire extinguishers, identify type, and check inspection date Demonstrate knowledge of "PASS" technique for extinguishing fires CHEMICAL SAFETY Evaluator Signature/Date Locate the SDS's, "safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSH4) Evaluator Signature/Date	Student Name (Print)	Student ID # (DL# or last 4 of SSN)	
Explain scope and application of Hazwoper Standard Explain scope and application of Hazwoper Standard Discuss and review the RCRA regulations Review facility safety and health program Explain the five levels of emergency response Describe training requirements under the hazwoper standard Locate the Hazwoper Standard in the OSHA regulations EMERGENCY PLANNING & FIRE SAFETY Evaluator Signature/Date Review Emergency Response Plan, escape routes, and assembly points Locate Fire extinguishers, identify type, and check inspection date Demonstrate knowledge of "PASS" technique for extinguishing fires CHEMICAL SAFETY Evaluator Signature/Date Locate the SDS's, "safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSH4) Evaluator Signature/Date			
Discuss and review the RCRA regulations Review facility safety and health program Explain the five levels of emergency response Describe training requirements under the hazwoper standard Locate the Hazwoper Standard in the OSHA regulations EMERGENCY PLANNING & FIRE SAFETY Evaluator Signature/Date Review Emergency Response Plan, escape routes, and assembly points Locate Fire extinguishers, identify type, and check inspection date Demonstrate knowledge of "PASS" technique for extinguishing fires. CHEMICAL SAFETY Evaluator Signature/Date Locate the SDS's, "Safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Criteria	Evaluator Signature/Date	
Review facility safety and health program Explain the five levels of emergency response Describe training requirements under the hazwoper standard Locate the Hazwoper Standard in the OSHA regulations EMERGENCY PLANNING & FIRE SAFETY Evaluator Signature/Date Review Emergency Response Plan, escape routes, and assembly points Locate Fire extinguishers, identify type, and check inspection date Demonstrate knowledge of "PASS" technique for extinguishing fires Evaluator Signature/Date Locate the SDS's, "Safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Identify locations of eyewash stations and/or emergency showers Evaluator Signature/Date HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NEPA, DOT, OSHA) Identify types and conditions of waste containers or tarks on site	Explain scope and application of Hazwoper Standard		
Explain the five levels of emergency response Describe training requirements under the hazwoper standard Locate the Hazwoper Standard in the OSHA regulations EMERGENCY PLANNING & FIRE SAFETY Review Emergency Response Plan, escape routes, and assembly points Locate Fire extinguishers, identify type, and check inspection date Demonstrate knowledge of "PASS" technique for extinguishing fires CHEMICAL SAFETY Evaluator Signature/Date Locate the SDS's, "Safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Discuss and review the RCRA regulations		
Describe training requirements under the hazwoper standard Locate the Hazwoper Standard in the OSHA regulations EMERGENCY PLANNING & FIRE SAFETY Evaluator Signature/Date Review Emergency Response Plan, escape routes, and assembly points	Review facility safety and health program		
Locate the Hazwoper Standard in the OSHA regulations EMERGENCY PLANNING & FIRE SAFETY Evaluator Signature/Date Review Emergency Response Plan, escape routes, and assembly points	Explain the five levels of emergency response		
EMERGENCY PLANNING & FIRE SAFETY Evaluator Signature/Date Review Emergency Response Plan, escape routes, and assembly points	Describe training requirements under the hazwoper standard		
Review Emergency Response Plan, escape routes, and assembly points Locate Fire extinguishers, identify type, and check inspection date Demonstrate knowledge of "PASS" technique for extinguishing fires CHEMICAL SAFETY Evaluator Signature/Date Locate the SDS's, "Safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Locate the Hazwoper Standard in the OSHA regulations		
Locate Fire extinguishers, identify type, and check inspection date Demonstrate knowledge of "PASS" technique for extinguishing fires CHEMICAL SAFETY Evaluator Signature/Date Locate the SDS's, "Safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	EMERGENCY PLANNING & FIRE SAFETY	Evaluator Signature/Date	
Demonstrate knowledge of "PASS" technique for extinguishing fires CHEMICAL SAFETY Evaluator Signature/Date Locate the SDS's, "Safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Review Emergency Response Plan, escape routes, and assembly points		
CHEMICAL SAFETY Evaluator Signature/Date Locate the SDS's, "Safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Identify locations of eyewash stations and/or emergency showers Identify locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Locate Fire extinguishers, identify type, and check inspection date		
Locate the SDS's, "Safety Data Sheets" for facility Chemicals Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Demonstrate knowledge of "PASS" technique for extinguishing fires		
Identify locations of eyewash stations and/or emergency showers Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	CHEMICAL SAFETY	Evaluator Signature/Date	
Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Locate the SDS's, "Safety Data Sheets" for facility Chemicals		
HAZARD RECOGNITION/SITE CHARACTERIZATION Evaluator Signature/Date Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Identify locations of eyewash stations and/or emergency showers		
Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA) Identify types and conditions of waste containers or tanks on site	Demonstrate ability to locate "Safety Data Sheet" for a chemical on hand		
Identify types and conditions of waste containers or tanks on site	HAZARD RECOGNITION/SITE CHARACTERIZATION	Evaluator Signature/Date	
	Identify hazard signs, labels, placards from a distance (NFPA, DOT, OSHA)		
Identify areas of stressed vegetation or soil staining on example photographs	Identify types and conditions of waste containers or tanks on site		
	Identify areas of stressed vegetation or soil staining on example photographs		

Review site hydrological features such as streams, sinkholes, and drainage	
Identify other potential worksite hazards (physical, chemical, or biological)	
Determine site zone layout based on above conditions	
Use of Air Monitoring Instruments	Evaluator Signature/Date
Demonstrate operation and/or calibration of a 4-gas meter per manufacturer	
Demonstrate operation and use of colorimetric tubes per manufacturer	
Interpret readings from a 4-gas meter or results from colorimetric tubes	
Discuss control methods for exposures exceeding established limits	
USE OF WRITTEN RESOURCES	Evaluator Signature/Date
Demonstrate the use of the NIOSH Pocket Guide to Chemical Hazards	
Demonstrate the use of the DOT Emergency Response Guidebook	
Given a product name, locate and interpret the Safety Data Sheet, SDS	
Given a 4 digit UN#, identify a chemical name and its hazards	
PERSONAL PROTECTIVE EQUIPMENT	Evaluator Signature/Date
Discuss why PPE is one of the last resorts for hazard control	
Explain uses and limitations of PPE for head, eye, hand, and foot protection	
Demonstrate the proper donning & doffing of head, eye, hand, and foot PPE	
Properly inspect, clean, and disinfect PPE per manufacturer guidelines	
USE OF RESPIRATORY PROTECTION	Evaluator Signature/Date
Inspect a supplied air and an air purifying respirator for missing parts/defects	
Explain the uses and limitations of respirators as PPE	
Properly donn and doff a half mask and full face air purifying respirator	

Properly donn and doff a supplied air respirator SCBA or Type "C" system	
Discuss cleaning and disinfection procedures for respiratory protection	
Describe the difference between quantitative and qualitative fit testing	
Discuss elements of a respirator training program and frequency of training	
On a SCBA, check cylinder pressure and ensure alarm functionality	
LEVEL C PROTECTION	Evaluator Signature/Date
Choose appropriate clothing to wear under the suit	
Inspect suit for damage prior to donning	
Taped sleeves to gloves and pant legs to boots with end tabs	
Wore respirator straps inside of the suit hood	
Perform physical activity to gain familiarity with and assess comfort of PPE	
Perform decontamination, removed boots, and then removed suit, inside-out	
Removed respirator by loosening straps and pulling up and over head	
Removed respirator by loosening straps and pulling up and over head Removed and peeled off gloves together and inside-out	
	Evaluator Signature/Date
Removed and peeled off gloves together and inside-out	Evaluator Signature/Date
Removed and peeled off gloves together and inside-out LEVEL B PROTECTION	Evaluator Signature/Date
Removed and peeled off gloves together and inside-out LEVEL B PROTECTION Chose appropriate clothing to wear under the suit	Evaluator Signature/Date
Removed and peeled off gloves together and inside-out LEVEL B PROTECTION Chose appropriate clothing to wear under the suit Inspected suit for damage before donning	Evaluator Signature/Date
Removed and peeled off gloves together and inside-out LEVEL B PROTECTION Chose appropriate clothing to wear under the suit Inspected suit for damage before donning Donned inner gloves	Evaluator Signature/Date
Removed and peeled off gloves together and inside-out LEVEL B PROTECTION Chose appropriate clothing to wear under the suit Inspected suit for damage before donning Donned inner gloves Taped sleeves to outer gloves, and pant legs to boots	Evaluator Signature/Date

Evaluator Signature/Date
Evaluator Signature/Date

Used sampling devices in accordance with manufacturers instructions	
Resealed or otherwise stabilized the container/drum	
Completed Chain-of-Custody form if applicable	
If an overpack was used, prepare labels for outer container	
If more that one drum, separate incompatible materials into staging areas	
Completed hazardous waste manifest form and land ban notification	
SPILL RESPONSE SCENARIO - Given a release:	Evaluator Signature/Date
Stop the spill SAFELY , if possible	
Implemented Emergency Action Plan and warned others	
Implemented Emergency Action Plan and warned others	
Implemented Emergency Action Plan and warned others Isolated the area and secured ventilation, if applicable	
Implemented Emergency Action Plan and warned others Isolated the area and secured ventilation, if applicable Minimized exposure through engineering controls, work practices, & PPE	
Implemented Emergency Action Plan and warned others Isolated the area and secured ventilation, if applicable Minimized exposure through engineering controls, work practices, & PPE Established site control and decontamination station	

Evaluator Credentials for Performance Evaluation		
Instructions: The Performance Evaluator should possess related academic credentials, specific technical knowldege, hold equivalent certification, or have related course experiences. The Performance Evaluator is allowed to be course participant and self certify as long as one additional qualification is met.		
Evaluator #1 Name (print)	Evaluator #1 Signature	
Check all that apply:		
□ Self Certification (Must meet additional qualification)	Self Study or Academic Credentials	
□ Related Technical Knowledge or Skills	Equivalent Certification/Experiences	
Evaluator #2 Name (print)	Evaluator #2 Signature	
Check all that apply:		
□ Self Certification (Must meet additional qualification)	Self Study or Academic Credentials	
□ Related Technical Knowledge or Skills	Equivalent Certification/Experiences	
Evaluator #3 Name (print)	Evaluator #3 Signature	
Check all that apply:		
□ Self Certification (Must meet additional qualification)	Self Study or Academic Credentials	
Related Technical Knowledge or Skills	Equivalent Certification/Experiences	

Course Moderator/ Examination Proctor (If applicable)

Instructions: The Course Moderator/Examination Proctor will moderate the delivery of course, assist in navigating the course work, will discuss and relate course objectives to the work environment, and supervise and guide the participants' examination process. It is recommended that the Moderator/Proctor be a Supervisor or Manager of the course participant.

Moderator/Proctor - Name (print)	Moderator/Proctor Signature
Moderator/Proctor Company & Title	Moderator/Proctor Contact Info (phone# and e-mail)
