Our Training Philosophy

- ❓ Experidoc implements an approach of blended training to meet course objectives through the use of “Performance Evaluations” in conjunction with the cognitive knowledge training received through the course materials of the ExperiDoc program. This approach ensures that not only are cognitive knowledge levels being developed, but psychomotor skills are fostered as well

The screenshot shows the Student Dashboard interface. At the top is a navigation bar with links: HOME, ABOUT US, OUR ONLINE APPROACH (highlighted), ONLINE COURSES, LIVE TRAINING, CONTACT US, and FAQ. Below the navigation bar is a search bar with a magnifying glass icon and the text 'Search'. On the left side, there is a sidebar menu under the heading 'Courses' with a list of categories: OSHA Best Sellers, Hazwoper, General Industry, Construction Industry, Asbestos Courses, Mold Remediation, OSHA Short Courses, and Online Courses. Below the sidebar menu is a promotional banner for a 'Grand Opening' with a 'SAVE 20%' badge and contact information. The main content area is titled 'Student Dashboard' and contains two sections: 'Login' and 'Register'. The 'Login' section has fields for 'Email Address *' and 'Password *', a 'LOGIN' button, a 'Remember me' checkbox, and a 'Lost your password?' link. The 'Register' section has fields for 'Email Address *', 'Confirm Email Address *', 'Password *', 'Confirm Password *', 'First Name *', 'Last Name *', and 'Street Address *'. A note below the registration fields states: 'A minimum password strength of weak is required. The password must be at least 6 characters in length. Consider adding letters, numbers, and symbols to increase the password strength.'

Course Performance Evaluation

Performance Evaluation Form Asbestos Awareness 29 CFR 1910.1001 / 29 CFR 1926.1101	
Effective Date	10-Feb-18
Course Code	AA
Perform, Explain, Simulate, Demonstrate, or Observe the following:	
Overview:	
<p>The Performance Evaluation is designed as one method to evaluate job skills and safe work habits of the course participant. This helps foster the participants psychomotor skills, as well as their cognitive knowledge levels, thus providing for a more thorough learning experience. The Evaluator must meet certain qualifications such as possessing technical knowledge/skills related to evaluation, have equivalent certifications, related experiences, performed self study, or have applicable academic credentials. The evaluation CAN BE self certified if student possesses any of the evaluator qualifications for the topic matter.</p>	
Instructions:	
<ol style="list-style-type: none"> 1. Student should complete name and Student ID # identifying him or herself on the Performance Evaluation. 2. Student shall perform, explain, simulate, demonstrate, or observe the following presented skills. 3. Evaluator should observe/evaluate completion of skills as part of an assessment. (see evaluator credentials) 4. Evaluator should possess technical knowledge/skills related to evaluation, have equivalent certifications/experiences, completed self study, or have applicable academic credentials. 5. Upon completion of each activity the evaluator should sign and date in the box next to the skill assessed. 6. Student should maintain the performance evaluation with their certification. 7. Completion of the ExperiDoc Performance Evaluation should be done prior to taking the ExperiDoc objective summative examination in the Certification Portal. 	
Student Name (Print)	Student ID #
Criteria	Evaluator Signature/Date
Explain the uses, types, and characteristics of asbestos	
Discuss the health concerns with asbestos exposure	
Describe forbidden work practices for ACM	
Identify stresses associated with wearing ppe	
Explain the effect of smoking and asbestos exposure	
Describe the four AHERA control options for asbestos	

- **Required for initial courses**
 - Review & Perform Criteria
 - Apply to your workplace
 - Evaluator sign off on criteria
 - Can be self certified

- **Supplemental for review courses**
 - Review & Perform Criteria
 - Apply to your workplace
 - Sign off on criteria (optional)

Evaluator Credentials

Evaluator Credentials for Performance Evaluation	
<p>Instructions: The Performance Evaluator should possess related academic credentials, specific technical knowledge, hold equivalent certification, or have related course experiences. The Performance Evaluator is allowed to be course participant and self certify as long as one additional qualification is met.</p>	
Evaluator #1 Name (print)	Evaluator #1 Signature
<p>Check all that apply:</p> <input type="checkbox"/> Self Certification (Must meet additional qualification) <input type="checkbox"/> Self Study or Academic Credentials <input type="checkbox"/> Related Technical Knowledge or Skills <input type="checkbox"/> Equivalent Certification/Experiences	
Evaluator #2 Name (print)	Evaluator #2 Signature
<p>Check all that apply:</p> <input type="checkbox"/> Self Certification (Must meet additional qualification) <input type="checkbox"/> Self Study or Academic Credentials <input type="checkbox"/> Related Technical Knowledge or Skills <input type="checkbox"/> Equivalent Certification/Experiences	
Evaluator #3 Name (print)	Evaluator #3 Signature
<p>Check all that apply:</p> <input type="checkbox"/> Self Certification (Must meet additional qualification) <input type="checkbox"/> Self Study or Academic Credentials <input type="checkbox"/> Related Technical Knowledge or Skills <input type="checkbox"/> Equivalent Certification/Experiences

Total time: 5 minutes, 55 seconds

The OSHA General Industry standard for asbestos is: 1 / 1 points

Wich of the following types of respirators are NOT approved for asbestos work? 1 / 1 points

OSHA class III work involves: 1 / 1 points

Training Experience Documentor

Summarizes your training experience to meet regulatory training requirements!

- Online Training Time
- Offline Training Time
- Performance Eval Time
- Related Safety Talks
- Pre-Job Briefings
- All training conducted within 6 months!
- Identity Affirmation
- Terms and Conditions

ExperiDoc Training Experience Documenter

The Training Experience Documenter is used to summarize applicable, related, and qualifying training experiences an individual has received. **ONLY training experiences received over the last 6 months can qualify to meet course training time when related.** This avoids duplicative training over the same topics and course related materials.

Directions: Review each section below and select the applicable option. Your **Total Hours** will add up automatically and be applied to meeting your course time requirements.

Course: Asbestos Awareness – \$14.95
Required Hours: 2

Online Training - Time Spent Completing Course

Offline Training - Time Spent Reviewing Course Materials
*hours summarized and added to course clock

ExperiDoc Performance Evaluations- Time Spent Completing

Course Related Safety Talks and/or Pre-Job Safety Briefings

TOTAL HOURS:

Upon completion of the following certification/affirmation and completion of prescribed course times, your Certificate will be immediately generated for your printing, recordkeeping, and use.

I certify and affirm under penalty of law that the information selected above is true and correct and was completed within 6 months of the start of this certification and testing experience. I further attest that I am the individual registered for the certification I am taking.

I agree to the ExperiDoc Terms and Conditions.

Certificate of Completion Awarded
